OS: Windows 10 Home PL

I can't apply for NOKIA Academy - I&V Engineer (Job Number: 2000000F8F). The bug is produced only in the "Education Section". I filled in the education section with a correct data and clicked "Save and continue" button. I got a return message "The value in the field "Start Date" cannot be after the value in the field "Graduation Date". There isn't any 'Start Date' field in the online application form in the Education section.

<https://nokia.taleo.net/careersection/careersection/candidateacquisition/flow.jsf>

1. Go to: <https://www.linkedin.com/jobs/view/2150537323/?refId=a8f06cc0-8648-439c-bb99-099650705cb2>
2. Click "Aplikuj" button
3. Click "Apply For Job"
4. Fill in the sections: 1,2,3 of the application form
5. Fill in the "4.Education" section with the correct data
6. Click "Save and Continue"
7. I should go to section 5 "Work experience", but I got a return message message "The value in the field "Start Date" cannot be after the value in the field "Graduation Date".

The screenshot shows a web browser window with two tabs: "NOKIA Academy - I&V Engineer" and "Error - Education". The address bar shows the URL <https://nokia.taleo.net/careersection/careersection/candidateacquisition/flow.jsf>. Below the browser window, a red error message box states: "The value in the field 'Start Date' cannot be after the value in the field 'Graduation Date'".

The main content area displays the "Education" section of the application form. It includes a heading "Education" and a sub-heading "Education 1". The form fields are as follows:

- Institution:** Wyzsza Szkola Bankowa we Wrocławiu
- Program:** Tester aplikacji mobilnych i serwerowych
- Education Level:** Other
- GPA:** (empty field)
- out of:** (empty field)

On the right side of the form, there are instructions for adding, removing, and reordering education entries.

Adding education entries

To create a new education entry, click "Add Education". A new section including blank fields appears. Enter any relevant information.

Removing education entries

To remove an education from the list, identify it, then click "Remove Education".

Reordering education entries

To reorder education entries, click "Move Up" or "Move Down" next to each entry until the relevant education reaches the desired position.

Wpisz tu wyszukiwane słowa

I should be able to fill in the section 5 "Work experience"
